Wireless Conference Speakerphone Kit

The iCAM-POD7-ACE is a wireless conference speakerphone kit designed for various sizes of spaces, from huddle spaces to large conference rooms. It is built-in with a 4 microphone array with 2 extension microphones and a Hi-Fi speaker, and is available to connect with two wireless extension microphones that can collect your voice clearly even from a distance.

It saves the trouble of wiring, making it convenient and fast to set up. The system is integrated with an advanced 3A audio algorithm for echo cancellation, noise suppression, and automatic gain control, ensuring your voice can be heard clearly during meetings. It is compatible with operating systems such as Android, Windows, and Mac OS, and can connect either wirelessly or via a USB cable. With iCAM-POD7-ACE, communication becomes much easier.
