

Data Sheet

iCAM-POD5-ACE

USB & Bluetooth Speakerphone With Extension Mics

The iCAM-POD5-ACE is a wireless conference speakerphone kit designed for various meeting spaces, from huddle rooms to large conference rooms. It features four built-in microphones, a hi-fi speaker, and supports connection with two extension microphones to capture voices from a greater distance.

The microphone provides 360° voice pickup with a coverage range of up to 8 meters. It is integrated with an advanced 3A audio algorithm for echo cancellation, noise suppression, and automatic gain control to ensure clear voice transmission. POD5 is compatible with Android, Windows, and Mac OS, and can connect either wirelessly or via USB cable. With iCAM-POD5-ACE, communication becomes easier and more efficient.

✓ Features
